

# Qualification & Maintenance Package

*BioSpa 8 Automatic Incubator*

Thank you for purchasing Agilent's Qualification and Maintenance package for the BioSpa 8 Automatic Incubator. The package contains step-by-step instructions for performing the qualification and maintenance procedures, with checklists and logbooks for recording information.

## Getting Started

The IQ/OQ/PQ procedure is provided in Adobe PDF format for easy viewing and printing. If you plan to use the package as is, view the PDF file in the *Manual in PDF Format* folder and print the sections you need. The procedures within the manual will tell you which protocols and spreadsheets to use.

## Customization

The checklists and logbooks are also provided in Microsoft Word format. If you plan to customize the files for your procedures, start by copying the files you need from the *Manual Source Files* folder to your computer.

Please note that the original package was fully validated in accordance with Agilent Technologies, Inc. Product Validation policies and procedures. It is the customer's responsibility to validate any modifications to the original package.
